NEWS FOR VETERANS

The deadline for eligible disabled veterans to apply for a government grant toward the purchase of an automobile or other conveyance has been extended for two years under a new law signed by the President.

Eligible veterans now have until October 20, 1956 or five years after discharge or separation from the armed forces, whichever is later, in which to apply. Previously, the application deadline was October 20, 1954, or three years after discharge or separation, whichever was later.

The new law also extends the program to cover two small groups of veterans. They are:

1. Those whose qualifying disability occurs subsequent to discharge or separation. This group of veterans has three years after the disability occurs in which to apply.

2. Those whose qualifying disability was not adjudicated to be service-connected until long after discharge or perhaps after the basic time for filing. This group of veterans has one year after the disability has been declared service-connected in which to file.

VA is authorized by law to make a payment not to exceed $1,600 toward the price of an automobile or other conveyance, including special appliances, to World War II and Korean conflict veterans entitled to compensation for three types of disabilities. The three types of disabilities are:

1. Loss or permanent loss of use of one or both feet.

2. Loss or permanent loss of use of one or both hands.

3. Complete loss of sight in both eyes or permanent impairment of vision in both eyes to a degree constituting total blindness.

MRS. ALICE BURKE STEELE

Whereas God in His wisdom on June 11, 1955, removed from our midst our co-laborer and friend, Mrs. Alice Burke Steele. Due to her illness she was forced to retire from active service for her Master, but her thoughts and prayers were a vital influence to us who were trying to carry on the work.

Comment on SPORTS

By Pete Fritchie

Washington, June 29.- The American League, where last year it turned out to be a battle between the Indians and Yankees, with the Chicago White Sox a dark hourse, has something added this year.

When the Chisox grabbed the lead from the Yanks, in New York's own Yankee Stadium, shortly after mid-June, while the Indians were only about two and half games back, and the Tigers six lengths behind, it marked a new order in the junior circuit for 1955.

Any one of the three top teams in the American League could win the pennant. The sentimental favorite among the top three must, of course, be the Chicago White Sox. At least they are giving it the old college try and they are a rags to riches team.

The Sox don't know how to say quit and they have a fine team to go with that great spirit. Looking at them operate during June one wonders why they were not taken more seriously earlier. After all, with Pierce, Trucks, Harshman, Donovan, Consuegra, Forniless, and several others, the Sox have a terrific pitching department.

They scrap hard enough to make up for whatever power they lack with hustle, speed on the bases and wide awake play. And they aren't exactly without plate power, either. General speaking the Sox are tough. And if they win the flag, they will be the sentimental favorite in the World Series, almost without a doubt.

The two coming teams of the younger league — the Tigers and the Red Sox, are showing signs of greatness. The Bosox have come on later, but they have looked up ever since that series in Cleveland early in June. Back home for a long stand after that one, the Red Sox continued to look good.

THIEF RETURNS CHANGE

Venice, Italy.- A burglar, who robbed the Gelfi sisters—Guiseppina, 70, and Stella, 72, — apparently made off with more than he needed. He took about $4,000 from their apartment but the next day they got a package in the mail. It contained about $3,400.

LUCY ESCAPE

New London, O.- Tilton Bowen, 25, suffered only a broken toe and some scratches and bruises when his 1954 automobile was hit by a speeding train near this city. Bowen believes he saved his life by burying his head in the seat of the sedan as it was swept down the tracks by the train and completely demolished.

Jack Fleck, of Davenport, Iowa, a newcomer on the big time golf horizon, beat Ben Hogan in a play-off for the Open championship. He shot a 69 to Hogan's 72.

In FASHION now

During the summer months the basic white dress comes into its own. There are numerous reasons for this, not the least being the way a white dress compliments the sun tan.

The pink and white lady loves her basic white dress because it is so cool and fresh looking. Not only cool-looking, a white garment is actually cooler because the bright color reflects the sun's rays and turns away some of the heat before it has time to reach the skin.

The white summer dress is smart looking and is flattering to all ages. Some women with white hair may find white more becoming if their locks have a slightly blue coat. This will provide the needed contrast in color.

The new pastel colored shoes are lovely as a color note for the basic white dress. Balck patent is good teaming also.

Jewelry and accessories can be used to change the looks and the function of the basic white dress, just as with your basic black. It can be dressed-up for a party or dressed-down for a day at the office or a club meeting.

While white will not make you appear smaller, as is the case with black, don't be afraid to wear it if you are large. The cut is the important thing. Make sure the lines are straight and as simple over the hips as possible. The kind of fabric you choose is also important. Keep away from very stiff or shiny material.

GROOM 75, BRIDE 15
